

# WEB PROGRAMMING (BCSE203E) DA 1

Manan Shah  
22BCE0618 VIT Vellore

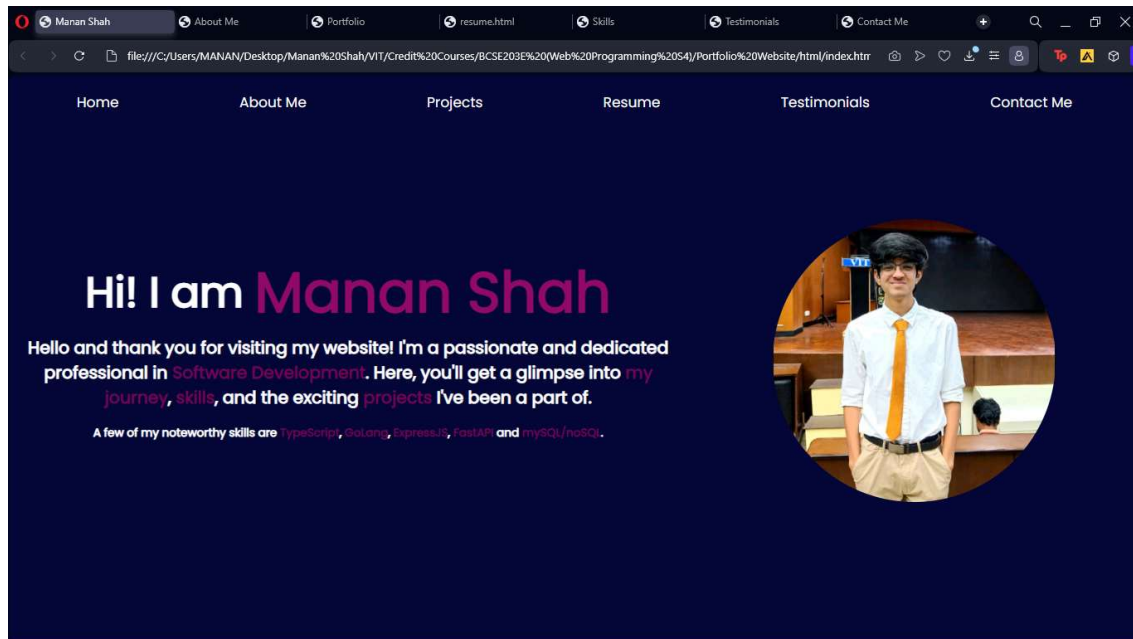

## ASSESSMENT-1

Design a static web page to showcase your professional skills and projects. Your page should include the following:-

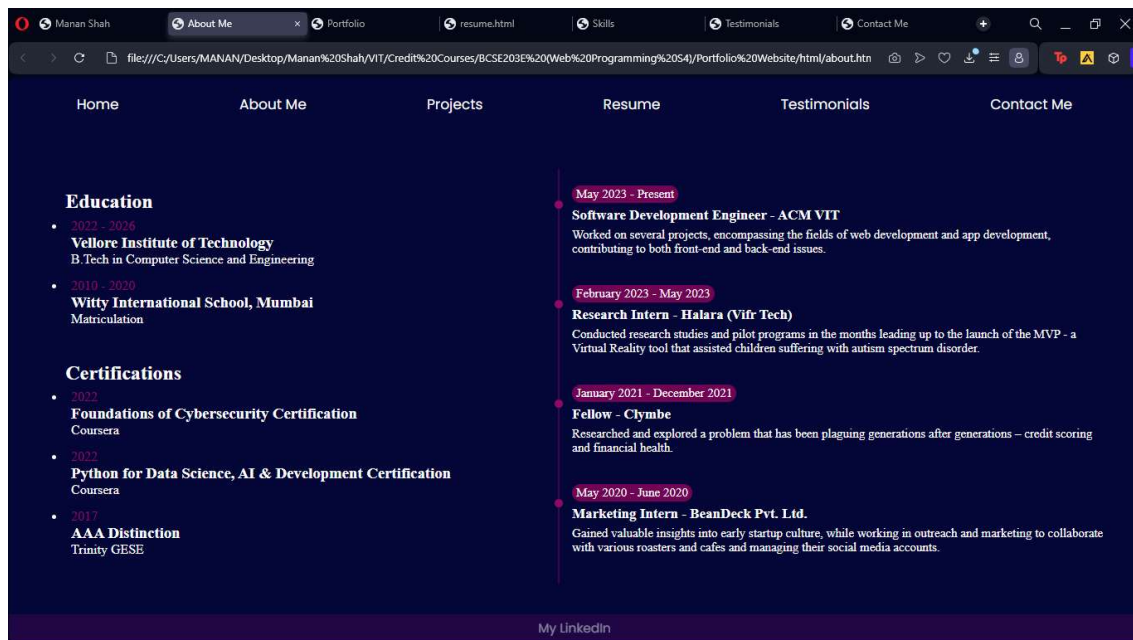

1. **Home Page (index.html):**
  - Include a welcome message and a brief overview of what visitors can find on your website.
  - Add navigation links to other pages (e.g., About Me, Portfolio, Contact).
2. **About Me Page (about.html):**
  - Provide a detailed biography, including your educational background, professional experience, and any relevant certifications.
  - Include a timeline or visual representation of your career journey.
  - Embed a link to your LinkedIn profile.
3. **Portfolio Page (portfolio.html):**
  - As described earlier, showcase your top three projects with detailed information.
  - Optionally, include a gallery or carousel displaying project screenshots.
4. **Skills Page (skills.html):**
  - Expand on the technical skills listed on the home page. Provide a more in-depth explanation of each skill and its relevance to your work.
5. **Testimonials Page (testimonials.html):**
  - Highlight any specific achievements or outcomes mentioned in the testimonials.
6. **Resume Page (resume.html):**
  - Host your resume in HTML format for easy online viewing.
  - Provide a downloadable link to the resume in PDF format.
7. **Contact Page (contact.html):**
  - Display the contact form for visitors to get in touch.
  - Add your professional email address and links to your social media profiles.

Remember to consider the overall professionalism and usability of the page in your design choices.

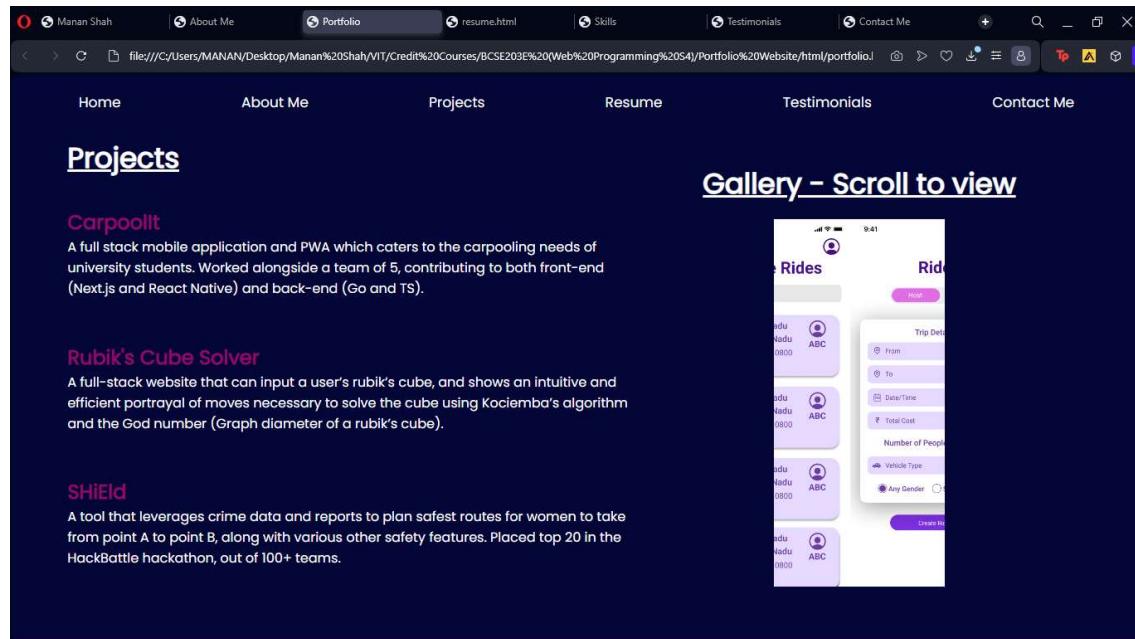

## Home Page (index.html)

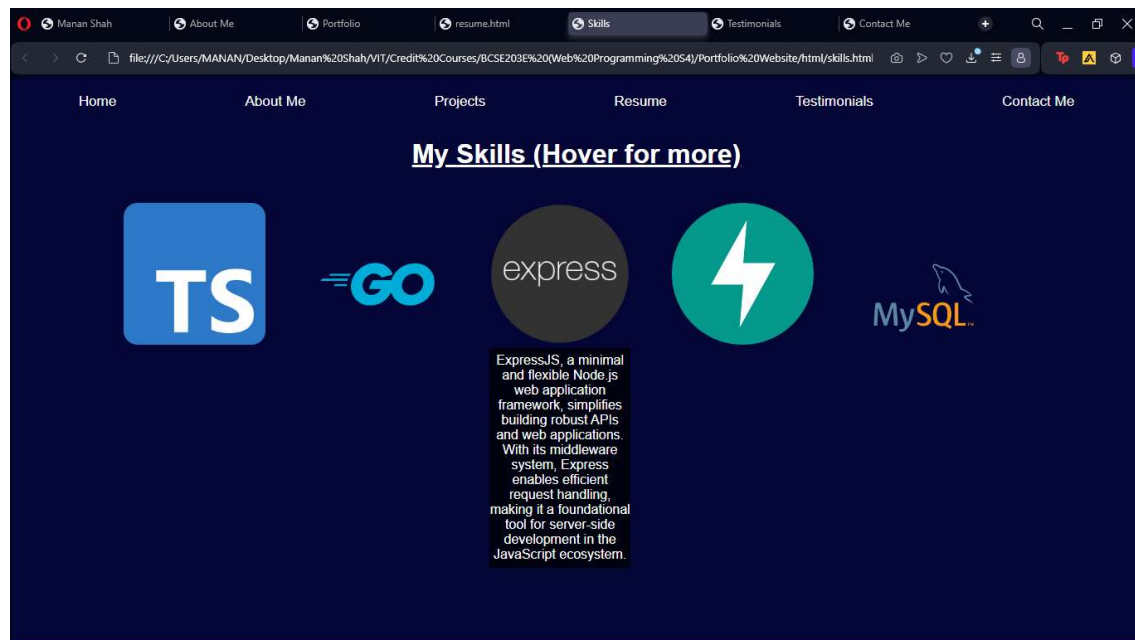

## About Me Page (about.html)

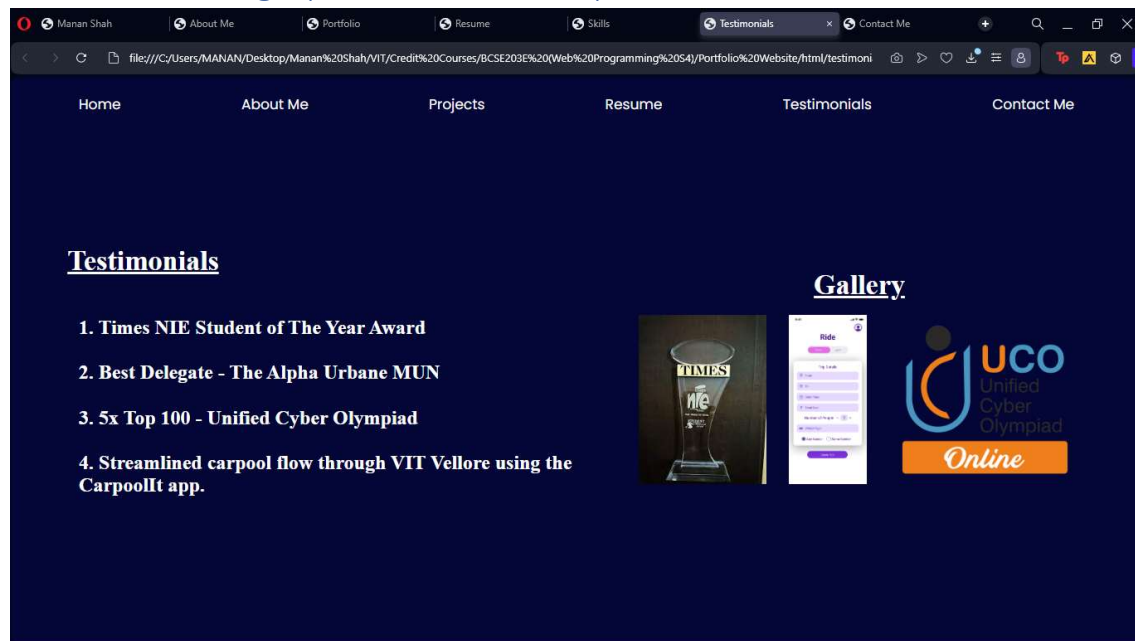

## Portfolio Page (portfolio.html)

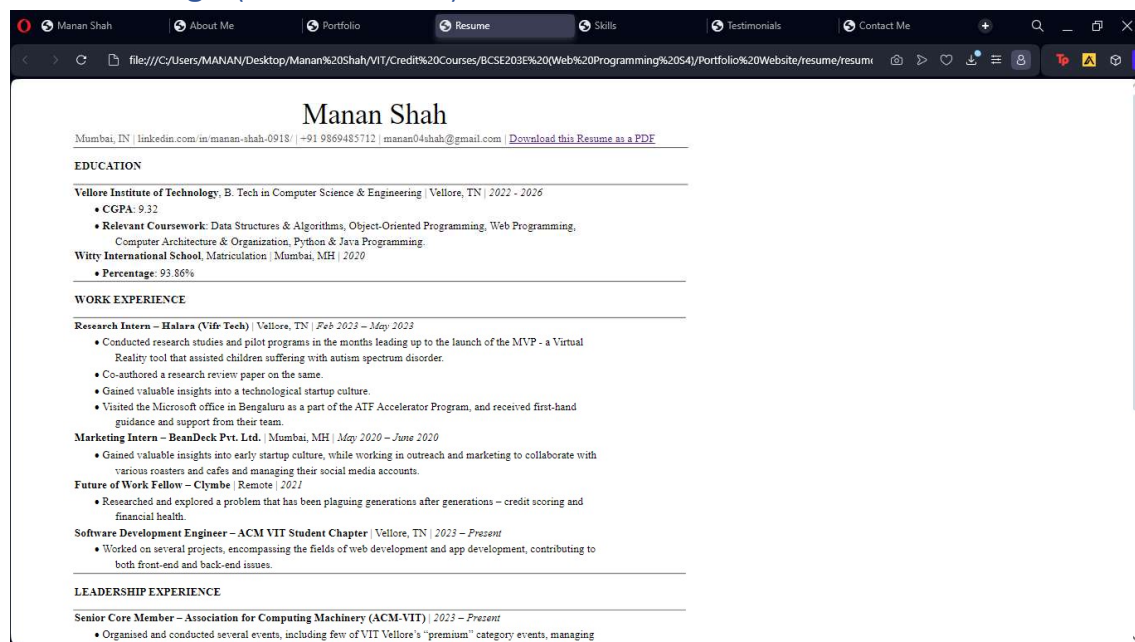

## Skills Page (skills.html)

## Testimonials Page (testimonials.html)

## Resume Page (resume.html)

## Contact Page (contact.html)

The screenshot shows a web browser window with the address bar displaying the file path: `file:///C:/Users/MANAN/Desktop/Manan%20Shah/VIT/Credit%20Courses/BCSE203E%20Web%20Programming%20S4/Portfolio%20Website/html/contact.html`. The browser has several tabs open: "Manan Shah", "About Me", "Portfolio", "Resume", "Skills", "Testimonials", and "Contact Me". The "Contact Me" tab is active.

The contact page has a dark blue background with white text. At the top, there is a navigation bar with links: "Home", "About Me", "Projects", "Resume", "Testimonials", and "Contact Me".

The main content area is divided into two sections. The left section contains a form with the following elements:

- A heading: "Feel free to reach out. I'm here to help and collaborate!"
- A label: "Your Name:" followed by a text input field with the placeholder text "Name".
- A label: "Your Email:" followed by a text input field with the placeholder text "Email ID".
- A label: "Your Message:" followed by a text area with the placeholder text "Your message".
- A "Send Message" button.

The right section contains the following elements:

- A heading: "My Socials".
- Three social media links: "LinkedIn", "Twitter", and "GitHub", each with a corresponding icon.
- An email address: "Email: manan04shah@gmail.com".

All the codes are given here, and are also available on the GitHub repository: <https://github.com/manan04shah/bcse203e-web-programming/tree/main/Portfolio%20Website>
